

Port Manatee Connector

PD&E STUDY

from Port Manatee to I-75

Manatee and Hillsborough Counties, Florida

Financial Project Number: 422724-1-22-01

WELCOME

The Florida Department of Transportation (FDOT) welcomes you to the Corridor Public Workshop for the Port Manatee Connector Project Development and Environment (PD&E) Study. The PD&E Study involves the analysis of a range of alternatives for enhanced access between Port Manatee in Manatee County and Interstate 75 (I-75). The purpose of this Public Workshop is to provide the public with an opportunity to review and comment on the potential corridors developed for the project. The meeting format will consist of an informal "open house".

www.portmanateeconnector.com

INFORMAL "OPEN HOUSE" (5:30 P.M. - 7:30 P.M.)

We encourage you to view a brief presentation describing the development of the potential corridors and the project status during the open house. The project information discussed in the presentation is also shown on the display boards throughout the room. Representatives from the PD&E Study team will be present to answer questions concerning the presentation, display boards and the development of potential corridors.

PROVIDE COMMENTS

If you would like to provide a written comment, comment forms are available at the sign-in table. Completed comment forms can be returned this evening to the Comment Box located at the sign-in table or mailed to the address on the comment form. Your comments are appreciated. All comments received by December 22, 2008 will be considered in the selection of the corridors(s) considered for further analysis.
